CERTIFICATIONS

Programming in JAVA | Jul-Oct 2024

- Online NPTEL Course
- Learned core Java concepts, including OOP principles, exception handling
- Successfully completed assignments and a final certification exam

Cybersecurity Fundamentals | 07 JAN 2024

- This course was provided by FUTURESKILLSPRIME NASSCOM .
- It covered fundamental concepts in cybersecurity which help me to understand the importance of security for Data.
- Obtained silver ranking for the course.

Python Practice: Operations | 13 Dec 2023

- This course provides a comprehensive understanding of Python
- covered fundamental concepts such as variables, data types, control structures, functions, object-oriented programming, and libraries like NumPy and Pandas.
- LinkedIn offered course

Cybersecurity Essentials | 24 Sep 2023

- Cisco Networking Academy® Cybersecurity Essentials course
- Explain how cybersecurity professionals use technologies, processes and procedures to defend all components of the network.
- Explain the purpose of laws related to cybersecurity.

INTERNSHIPS

DATA-SCIENCE | 06JUN -28JUN 2024 | DLK-TECHNOLOGY

- As a Data Science Intern, I gained hands-on experience in data analysis
- My responsibilities included collecting, cleaning, and processing large datasets using Python and libraries such as Pandas, NumPy.
- This internship enhanced my problem-solving skills and provided practical exposure to real-world data science applications.

WORKSHOPS

AIML Workshop | 13 MAR 2024 | Panimalar Engineering college

- This workshop is explained what the machine learning is and it helps to understand the importance of the AI with ML.
- It was conducted by Panimalar Engineering college.

SQL Bootcamp | 27 JAN – 29 JAN 2025 | LetsUpgrade

- In this bootcamp i gained the practical knowledge of using MySQL .
- It includes the basic SQL commands needed to access DataBase.
- This certificate was in Collaboration with GDG MAD ,National Skill development Corporation(N.S.D.C) .

CyberSecurity webinar| 24 Sep 2023 | Bits N' Bytes CyberSecurity corp. USA

- Explain how cybersecurity professionals use technologies, processes and procedures to defend all components of the network.
- Gained knowledge on cybersecurity principles, threat detection, and best practices.
- Explored topics such as data privacy, social engineering, and digital identity protection.
- Engaged in interactive sessions to enhance cybersecurity awareness and risk management skills.

HOBBY

- TEACHING is one of my favorite hobby.
 - I like to Teach others what i know.
 - Playing cricket is also my hobby where i use my teamwork skill to understand and co-operate with my team.
-
